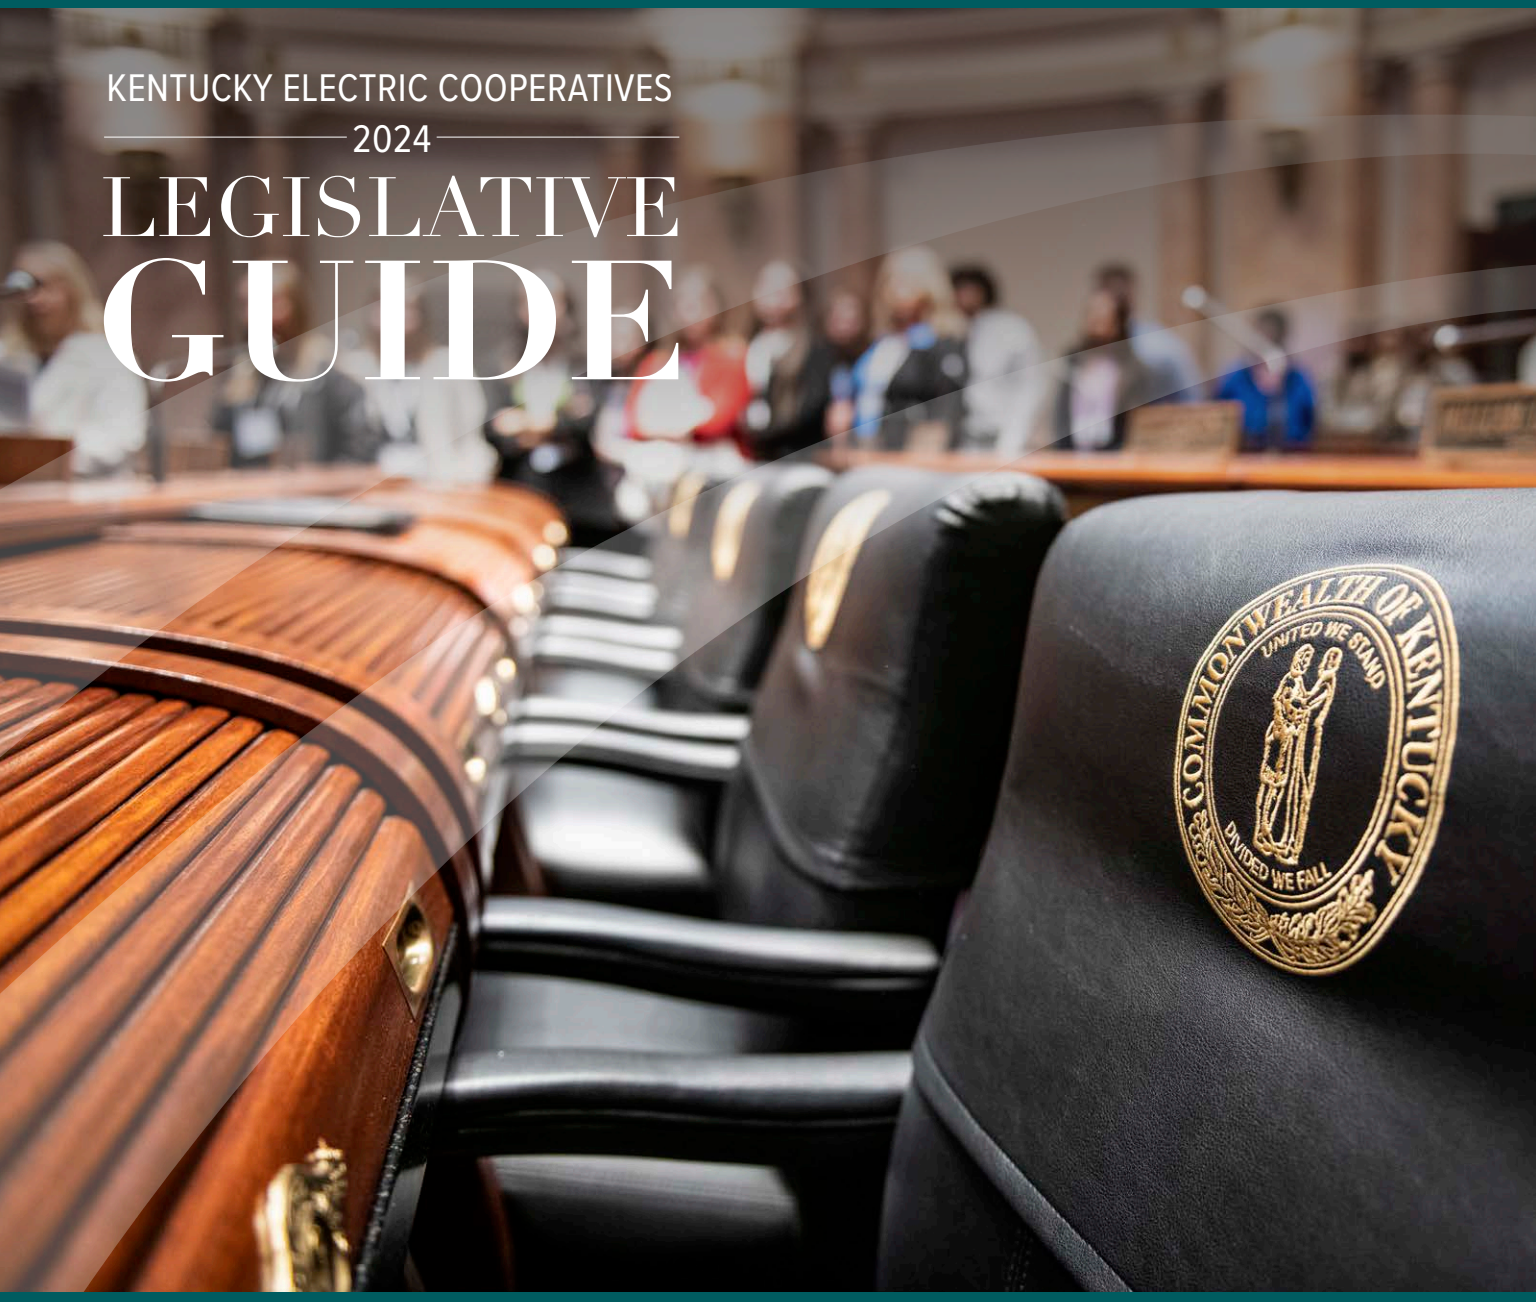
KENTUCKY ELECTRIC COOPERATIVES

2024

LEGISLATIVE GUIDE



Serving more than 1.8 million people in 117 of 120 Kentucky counties, Kentucky's member-owned electric cooperatives are committed to improving the quality of life for their consumer-members. We encourage Kentuckians to engage with elected leaders and advocate for safe, reliable and affordable electricity.

KENTUCKY ELECTRIC COOPERATIVES

www.kyelectric.coop

This 2024 Legislative Guide is provided as a public service by Kentucky Electric Cooperatives, the statewide association representing the 26 co-ops who serve more than 1.8 million Kentuckians in 117 of the commonwealth's 120 counties. Electric cooperatives are locally owned and controlled by the consumer-members we serve. There are no out-of-town shareholders. Co-ops are dedicated to providing safe and reliable electricity at the lowest possible cost. To help protect that mission, we engage with elected leaders and regulators on behalf of our members.

We appreciate the service of elected leaders and are excited to announce the formation of the Kentucky Rural Electric Cooperatives Caucus, the largest of any official caucus according to the Legislative Research Commission.

To stay up to date and communicate with legislators, join our grassroots portal, RuralPowerKY.com. Save this guide and use it to contact elected leaders about issues that are important to you.

Chris Perry
President/CEO

KENTUCKY ELECTRIC COOPERATIVES

KENTUCKY'S ELECTRIC COOPERATIVES ARE ADVOCATES FOR THEIR CONSUMER-MEMBERS.

Kentucky's electric cooperatives are owned by the members they serve. Co-ops do more with less to serve consumer-members' needs. For instance, compared with all electric cooperatives across the country, Kentucky co-ops have:

- The second-lowest operations and maintenance expenses.
- The lowest total operating expenses per consumer.
- The highest number of average consumers per employee, at 459 consumers per employee. The national median for U.S. cooperatives is 309 consumers per employee.
